HONOURABLE CAROLINE COCHRANE
MINISTER OF MUNICIPAL AND COMMUNITY AFFAIRS
MINISTER RESPONSIBLE FOR THE NORTHWEST TERRITORIES HOUSING
CORPORATION
MINISTER RESPONSIBLE FOR ADDRESSING HOMELESSNESS
MINISTER RESPONSIBLE FOR THE STATUS OF WOMEN

Mandate of the Government of the Northwest Territories

I am writing to confirm your mandate as Minister of Municipal and Community Affairs and Minister Responsible for the Northwest Territories Housing Corporation. In addition to your formal portfolios, you will also be Minister Responsible for the Status of Women, Minister Responsible for Addressing Homelessness, and vice chair the Social Envelope Committee of Cabinet.

Together, Cabinet is responsible for implementing the Mandate of the Government of the Northwest Territories in order to advance the priorities set by all Members of the 18th Legislative Assembly. The people of the Northwest Territories have entrusted all of us to manage effectively, prudently, and responsibly over the next four years. It is my expectation that you will do your part to achieve the Legislative Assembly's vision of a healthy, just, sustainable and prosperous territory.

There are both challenges and opportunities ahead of us. In order to grow the NWT economy we must stimulate economic growth, respond to the effects of climate change, and confront the rising cost of living. At the same time, we must continue to provide quality programs and services to residents. We know that in order to sustainably grow our economy we need to increase the territorial population, attract investment, settle outstanding land, resource, and self-government agreements, and address the ongoing impacts of colonialism and residential schools.

These pressures exist at a time when our fiscal situation requires a strong commitment to prudence and strong financial management. Difficult decisions will be required to ensure fiscal balance and future prosperity. More than ever, we must ensure our actions are responsible and transparent.

We are well-positioned, in this post-devolution environment, to leverage our good working relationships and partnerships with other levels of government to our mutual benefit. Indeed, many of the Mandate objectives, such as adapting to climate change, lowering the cost of living, and investing in strategic infrastructure and renewable and alternative energy solutions are aligned with the priorities of other governments, including the Government of Canada.

People want a government that is more open and transparent, and which is clearly open to input from them. They also want their government to take the interests of all residents, in communities both big and small and in every region, into account. Meaningful dialogue and engagement with the residents of the NWT must be an ongoing priority for all Ministers.

The Guiding Principles of consensus government set out expectations for all Members, as well as the relationship between Cabinet and Regular Members. I expect Ministers to respect and act within the provisions of the Process Conventions governing Cabinet's communications, consultation and relationship with Standing Committees of the Legislative Assembly, Caucus and Regular Members. Our consensus Government depends upon our collective commitment to working effectively together for the public good, in all that we do.

In addition to collaboration with Standing Committees, I expect Ministers will work closely and effectively with each other, to ensure that all pertinent, cross-departmental perspectives are considered when solutions to complex issues are developed. Ministers should use the appropriate Committee of Cabinet to advance Mandate commitments.

Your Deputy Ministers are accountable for assisting you to fulfill the responsibilities of your portfolio and the specific Mandate objectives for which you are accountable.

You can rely upon your Deputy Ministers to advise you on process and policy, and to bring forward comprehensive options and advice for your consideration, but it is your responsibility to provide clear direction to your Deputy Ministers, including your expectations with respect to cross-departmental collaboration.

In addition to meeting the provisions of your departments' Establishment Policy, you are accountable for the specific Mandate commitments listed in the attachments to this mandate letter. Although they are not all included in the attachment, it is understood that you will continue to be accountable for the entire scope of programs, services and operations for the portfolio(s) you hold.

As Minister, you must exercise the utmost compliance with the *Conflict of Interest Act*, the *Financial Administration Act*, and the policies and procedures of the Financial Management Board. The role of Minister demands the highest ethical standards and must bear the closest scrutiny. Your actions will be the basis on which this government is measured for its commitment to ethical conduct, openness and transparency.

Our Cabinet has broad experience, fresh ideas, diverse backgrounds, and a shared commitment to respectful relationships and transparency- qualities that will generate innovative solutions to complex problems. I have full confidence that our collective capacity will result in good governance, programs and services that improve the lives of residents, stronger relationships with Canada and provinces and territories, NWT Aboriginal and municipal governments, and strategic investments that enable the prosperity of future generations and make the Northwest Territories an attractive place to live and work.

I look forward to working with you to realize our commitments. The future of the global economy, and what this will mean for the Northwest Territories, remains uncertain.

However, I am certain that with a strong commitment to fiscal responsibility, thoughtful deliberation, respectful engagement and a willingness to innovate, we can achieve our vision of social progress, environmental sustainability and economic development built on a foundation of strong consensus government.
