

IDENTIFICATION

Department	Position Title	
Aurora College	Instructional Designer, Program and Course Development	
Position Number	Community	Division/Region
91-17457	Yellowknife	Education & Training

PURPOSE OF THE POSITION

The Instructional Designer, Program and Course Development (PCD) is an expert in development, evaluation, and improvement of courses and instructional materials for adult learners. The Instructional Designer, PCD oversees and supports instructional design activities across the entire College to ensure high-quality programs are offered at Aurora College. The Instructional Designer, PCD creates new or improves existing programs and courses that meet identified learning outcomes and ensure efficient, effective, and engaging educational programming for all Aurora College learners.

SCOPE

Located in Yellowknife, the Instructional Designer, PCD reports to the Director, Centre for Learning and Teaching Innovation and performs instructional design activities for faculty/staff across all regions and programs within Aurora College’s three campuses and 19 Community Learning Centers.

The Instructional Designer, PCD develops and delivers instructional materials, in consultation with applicable faculty/instructional staff, that align with relevant learning needs, convert learning outcomes and subject-matter into engaging and outcomes-based course content, and apply best practices in instructional design. The position is governed by a range of legislation and plans including, but not limited to: The Aurora College Strategic Plan; Policy and Procedures, Code of Ethics; The Aurora College Act, Post-Secondary Education Act, and related legislation, regulations, policies, and guidelines; UNW Collective Agreement; Federal and Territorial Human Rights Legislation.

The position has considerable authority in prioritizing tasks, using discretionary judgments and problem-solving day-to-day instructional design, curriculum development, and course design functions with minimal supervision.

RESPONSIBILITIES

1. Creates courses, other educational content, and shares instructional design expertise with others.

- Designs and develops new courses, revises existing courses, and/or creates other instructional material.
- Collaborates with instructors and other stakeholders to identify learning needs/gaps, course objectives, instructional strategies, and opportunities for ongoing improvement of instructional materials.
- Shares instructional design expertise and makes recommendations to instructional staff and other course authors.
- Adopts a variety of instructional design formats and matches chosen instructional design to intended learning objectives, outcomes, and needs.
- Promotes best practice in adult learning and identifies opportunities to share with or provide training to others.
- Configures new courses/content in the applicable Learning Management System(s).
- Maintains expertise in instructional design, e-learning, and learning principles for post-secondary education.
- Incorporates multimedia technology and instructional software to enhance student learning.
- Evaluates and assesses the effectiveness of instructional materials.
- Manages multiple instructional design projects simultaneously.
- Ensures that course design and materials comply with applicable standards.
- Develops assessment tools to measure student learning outcomes.
- Works with subject matter experts to ensure content accuracy.
- Maintains records of course design, development, and revision activities.

2. Creates new program proposals and oversees existing program evaluations

- Leads the implementation of the College's program review process including leading the self-study team, collecting and analyzing data, and suggesting program recommendations in the self-study component of the review process
- Collaborates with instructors and other stakeholders to identify learning needs/gaps, course objectives, instructional strategies, and opportunities for ongoing improvement of instructional materials.
- Ensures the program review processes are current and reflecting industry best practices. Makes recommendations on updates to program review policies and procedures.
- Leads the faculty sponsors of new program ideas in the development of the Stage 1 and Stage 2 program proposals.
- Maintains records of program design, development, and revision activities.

3. Leads the delivery of in-service training related to instructional design and program/course development

- Designs and delivers workshops, lectures, seminars, and other professional development activities related to program and course design, instructional design, accessible learning design (universal design for learning) and other adult education strategies for the entire College community

- Expands the internal capacity of Aurora College faculty in program and course design through one on one and group coaching and mentoring

4. Contributes to the effectiveness, safety, and reputation of the College.

- Upon request, creates reports, analyses, budgets, and/or briefings in support of department operations.
- Complies with all institutional policies and applicable legislation.
- Provides input and pertinent information to others for new projects, initiatives, and future training plans as required. May undertake special projects, as assigned by the supervisor.
- May support, or provide input to, events and presentations that promote Aurora College's activities, programs, and offerings to others. Acts as an ambassador by promoting Aurora College's programs and image.
- Escalates safety concerns to supervisor.
- Fosters a supportive learning/working environment and assists other staff/faculty as needed.
- Attends team-building functions and regular department meetings, which may be face-to-face or virtual. At times, the incumbent may be asked to chair or take minutes at meetings.
- Participates in an appropriate share of institutional service assignments, such as participating in committees.
- Documents professional development plan and required training needs.

WORKING CONDITIONS
