Program Overview

The Community Wildfire Resilience Contributions Program was developed to support wildfire mitigation efforts across the Northwest Territories (NWT). The funding to the Government of the Northwest Territories (GNWT) is provided through the Government of Canada's Resilient Communities through FireSmart Program – [part of the Wildfire Resilient Futures Initiative](#).

These contributions are intended for projects that will enhance community protection from wildfire threats through local, strategic initiatives that are aligned with seven disciplines of FireSmart:

1. Interagency Cooperation
2. Public Education
3. Cross-training
4. Vegetation management
5. Emergency planning
6. Legislation
7. Development

Funding details

- The program's funding is administered by the Department of Environment and Climate Change, Government of the Northwest Territories (GNWT). The program is currently funded through the end of the 2027/2028 fiscal year.
- There is approximately \$1.8 million available annually for community-based projects.
- **The maximum funding available to a single applicant or project is \$300,000 in each fiscal year.**
- If an application is received after the program is fully subscribed, they may be considered in the following fiscal year.
- Projects may run over multiple fiscal years – but contributions will be provided on a fiscal year-basis and project proponents should anticipate funding required in each fiscal year.
- Approved projects undertaken by non-territorial government entities will be funded via contribution agreement.
- Reporting will be required on results and finances for each contribution agreement. The results reporting will respond to the desired outcomes for each individual project.

Application deadline

The program is open for proposals year-round. Funding will be distributed starting April 1 of each fiscal year until the program is fully subscribed.

Project Requirements

Proposals should clearly demonstrate how the project will advance the seven FireSmart disciplines as defined by FireSmart Canada.

- Click for more information about the FireSmart disciplines: [FireSmart Basics – the Seven FireSmart Disciplines](#)

The table below outlines example projects listed by FireSmart Discipline.

Table: Project examples by discipline

FireSmart Discipline	Project examples
Education	• Communications and marketing initiatives • Educational events
Legislation	• Development and implementation of FireSmart bylaws
Development Considerations	• Development and implementation of building and property standards in-line with FireSmart
Emergency Planning	• Updates to Community Wildfire Protection Plans • Updates to Interface Response Plans in collaboration with ECC regional office
Vegetation Management	• Fuel removal • Fuel reduction • Stand replacement (i.e. treeplanting with less flammable trees) • Prescribed fire • Cultural/traditional burning • Fuel break maintenance
Cross-training	• Wildfire preparedness cross-training for local fire departments (i.e. S-115 for community structural protection efforts)
Interagency cooperation	• Joint preparedness exercises (i.e. tabletop exercises) • Wildfire mitigation equipment purchases

Application forms are provided in Appendix A and B of this Guide to assist organizations in their proposals. Each proposed project must be supported by a detailed proposal including a budget, project description, and timelines.

Eligible Organizations

The program is open to project proposals based both within established community boundaries and on lands outside community boundaries.

The following governments and organizations are able to apply:

- Community governments
- Indigenous governments
- Indigenous organizations

- Non-Governmental Organizations
- Territorial and federal governments and agencies
- Neighbourhood associations ***with sponsorship and/or partnership from any of the above organization(s).***
 - Please note that the organization receiving funding must be incorporated under the laws of the NWT (i.e. a non-profit society, community government, etc.).

Eligible Expenditures

The following are expenditures that would be considered for funding:

- **Salaries, Benefits and Honoraria:** Compensation for staff and community members involved in project implementation.
 - **More information on honoraria:** [GNWT – Honoraria Policy - Honoraria Classifications and Rates](#)
- **Equipment:** Procurement or leasing of equipment necessary for wildfire mitigation activities.
- **Vegetation Management Projects:** Costs associated with fuel reduction, fuel modification, and the planning/execution of prescribed burns.
- **Training Programs:** training to improve your community/organization's readiness for wildfire events which could impact communities. Examples include:
 - Wildfire preparedness training (i.e. Wildland Urban Interface response training)
 - FireSmart programming training (including the FireSmart Neighbourhood Recognition Program, FireSmart Advanced Home Assessment Program, and FireSmart Ambassador Program)
- **Consultation and Engagement Costs:** Public and stakeholder engagement and, where required,
- **Travel Expenditures:** Including meals and accommodations in line with [the National Joint Council rates for travel and per diems](#).
- **Strategy and Tactical Planning:** Costs related to developing and implementing wildfire prevention and mitigation plans, including community protection strategies.
- **Contractors and Expert Procurement:** Hiring of specialists or consultants to assist with wildfire mitigation planning efforts.
- **Maintenance of existing wildfire mitigation projects:** Costs incurred to maintain wildfire mitigation projects (i.e. maintain fuel breaks), and update Community Wildfire Protection Plans (i.e. GPS of work completed, updates to Community Wildfire Protection Plans and associated contract fees, etc.)
- **Legal and Policy Work:** Procuring legal or policy assistance and expertise to drive initiatives which enshrine wildfire resilience into policy or law.
- **Administrative Costs:** a maximum of 10% of project costs may be dedicated to administrative costs.
 - All project expenditures must adhere to Government of Canada and GNWT financial policies and guidelines as outlined above.

Projects may be offered partial funding, or multi-year funding.

Non-eligible expenditures

The following are expenditures that will NOT be considered for funding:

- Wildland firefighter training
- Research projects
- Projects related to enforcement
- Projects undertaken by individual home/cabin owners
- Projects undertaken by businesses
- Vegetation management projects already **anticipated or approved** for funding via the Northwest Territories Association of Communities Community Wildfire Protection Plan implementation funding.

While individuals and businesses cannot apply for this funding, they may be considered for funding through annual Community Wildfire Preparedness Day grants offered by FireSmart Canada and the GNWT.

- **Learn more:** [Community Wildfire Preparedness Day grants](#)

Project assistance from the GNWT

Regional or territorial staff from the GNWT's Forest Management Division or regional Environment and Climate Change offices may be available to assist organizations in their application or project:

- **Training:** Qualified trainers from the GNWT may be available to deliver training programs. Qualified trainers may also be recommended by the GNWT for consideration by applicants.
- **Technical expertise:** Staff with expertise in wildfire management, prevention, or mitigation may be able to provide expertise and advice to move projects forward.
- **Procurement:** Where appropriate, advice on where to get goods or equipment may be provided by the GNWT.

Prospective applicants may seek advice and collaboration during the application process. Reach out to FireSmart_Intellifeu@gov.nt.ca for assistance and guidance.

Assessment and Approval Process

There are two options for those wishing to apply – a simplified application process for pre-approved projects, and a more in-depth application process for larger projects.

Simplified Applications for FireSmart training

Proposals for projects of the following nature **are considered through a pre-approval process:**

- FireSmart Neighbourhood Recognition Program training delivered by GNWT employees
- FireSmart Advanced Home Assessment training delivered by GNWT employees

To be considered for FireSmart Training use the Simplified Application in Appendix A. Find the template online:

- [Community Wildfire Resilience Contributions: Simplified Application for Approved FireSmart Training](#)

General Application Process

For all other projects, use the General Application process. See the proposal template in Appendix B.

- **Find the template online:** [Community Wildfire Resilience Contributions – General Application Form](#)
1. **Proposal Development:** use the General Application form to develop your proposal
 2. **Proposal Submission:** All proposals should be submitted to FireSmart_Intellifeu@gov.nt.ca
 3. **Assessment:** Proposals will be assessed by the wildfire prevention and mitigation section as they are received. They will be assessed based on their ability to address FireSmart disciplines, the feasibility of planned activities, the adequacy of the proposed budget, and prioritization considerations based on wildfire threats.
 4. GNWT Environment and Climate Change staff may reach out for clarification or additional information on your application.
 5. **Confirmation of Approval:** you will receive confirmation by email from FireSmart_Intellifeu@gov.nt.ca of your application's success.
 6. **Contribution Agreement:** where work will be undertaken by non-territorial government entities, a contribution agreement will be established between the Government of the Northwest Territories and the party or parties administering the work. A member of the wildfire prevention and mitigation team at Environment and Climate Change will work with you on your project application. Where work will be undertaken by territorial government entities, internal budgeting processes will apply.
 7. **Reporting on Progress:** Financial reporting as well as proof of meeting the outcomes of the project are required at the conclusion of the project within the terms of the ultimate contribution agreement. This could include maps and descriptions of work completed, photos, or other means.

For additional guidance or questions regarding proposal submissions, please email FireSmart_Intellifeu@gov.nt.ca.

Appeals

If you have concerns with the assessment of an application submitted under this program, you may submit them for review by the Assistant Deputy Minister, Regional Operations.

Appeals may be submitted to:

Government of Northwest Territories

Forest Management Division

Wildfire Prevention and Mitigation Section

FireSmart_Intellifeu@gov.nt.ca

Reporting and evaluation

Financial reporting as well as proof of meeting the outcomes of the project are required. This could include maps and descriptions of work completed, photos, or other means depending on the project.

At minimum, all receipts, invoices, and a report on payments made to employees where appropriate, must be submitted.

Approved project applicants will need to provide this information prior to final funding being released.

Privacy

Personal information you provide in application forms for this program is collected under the authority of Section 40(c)(i) of the Access to Information and Protection of Privacy Act for the purpose of assessing applications. Your personal information is also subject to the protection and disclosure provisions of this Act.

It may be disclosed to officers or employees of a public body for the purposes of delivery of common, integrated services related to wildfire mitigation under the authority of Section 48(q)(1) of the *Access to Information and Protection of Privacy Act*

If you have any questions about the collection of your personal information, contact the Manager, Wildfire Prevention and Mitigation by phone at 1-867-767-9231 ext. 53044 or by email at FireSmart_Intellifeu@gov.nt.ca

For more information

For assistance with your application or other information, contact the Wildfire Prevention and Mitigation Section:

- **Email:** FireSmart_Intellifeu@gov.nt.ca
- **Phone:** 1-867-767-9231 ext. 53044

SIMPLIFIED APPLICATION FOR FIRESMART TRAINING

DEMANDE SIMPLIFIÉE CONCERNANT LA FORMATION INTELLI-FEU

1. Type of FireSmart Training / Type de formation Intelli-feu

Indicate Whether You Wish to Request: / Indiquez la formation souhaitée :

- ☐ FireSmart Advanced Home Assessment ☐ Neighbourhood Recognition Program Training
Programme d'évaluation résidentielle avancée d'Intelli-feu Formation du Programme de reconnaissance communautaire

2. Community or Organization / Collectivité ou organisme

Name of Organization Requesting Training:

Nom de l'organisme qui demande la formation :

3. Training Lead Contact Information / Coordonnées de la personne-ressource responsable de la formation

Name:

Nom :

Position/Title:

Titre du poste :

Phone Number:

Numéro de téléphone :

Email Address:

Courriel :

4. My Community Wishes to Deliver Firesmart Programs Locally Ma collectivité souhaite offrir les programmes Intelli-feu localement

- ☐ Yes ☐ No
☐ Oui ☐ Non

5. Names and Contact Information of Participants / Noms et coordonnées des participants

Names and emails are required to create accounts for program delivery using FireSmart applications. Include those you wish to attend here. (maximum 15 participants).

Les noms et les courriels sont nécessaires pour créer des comptes pour la prestation du programme à l'aide des applications Intelli-feu. Indiquez ici les personnes que vous souhaitez voir participer (15 participants max.).

[illegible]

6. Date(s) Requested / Date(s) souhaitée(s)

Provide suitable date range for consideration. Can only be offered when snow is not on the ground.
Indiquez la période souhaitée. Le programme peut seulement être proposé quand il n'y a pas de neige au sol.

7. Submit Training Request / Soumettre la demande de formation

Submit completed, simplified form to FireSmart_Intellifeu@gov.nt.ca to request training.
Envoyer le formulaire simplifié dûment rempli à FireSmart_Intellifeu@gov.nt.ca pour demander une formation.

8. Privacy Statement

The personal information you provide in this document is collected under the authority of Section 40(c)(i) of the *Access to Information and Protection of Privacy Act* for the purpose of assessing applications. Your personal information is also subject to the protection and disclosure provisions of this Act.

It may be disclosed officers or employees of a public body for the purposes of delivery of common, integrated services related to wildfire mitigation under the authority of Section 48(q)(1) of the *Access to Information and Protection of Privacy Act*.

If you have any questions about the collection of your personal information, contact the Manager, Wildfire Prevention and Mitigation by phone at 1-867-767-9231 ext. 53044, or by email at FireSmart_Intellifeu@gov.nt.ca

8. Énoncé de confidentialité

Les renseignements personnels demandés dans le présent document sont recueillis en vertu du sous-alinéa 40(c)(i) de la *Loi sur l'accès à l'information et la protection de la vie privée* aux fins d'examen de votre demande. Ils sont aussi assujettis aux dispositions sur la protection et la divulgation de ladite loi.

Ces renseignements peuvent être divulgués aux agents ou aux employés d'un organisme public aux fins de la prestation de services communs et intégrés liés à l'atténuation des feux de forêt en vertu du sous-alinéa 48(q)(1) de la *Loi sur l'accès à l'information et la protection de la vie privée*.

Si vous avez des questions concernant la collecte de vos renseignements personnels, veuillez communiquer avec le gestionnaire de la prévention et de l'atténuation des feux de forêt, par téléphone au 1-867-767-9231, poste 53044, ou par courriel à FireSmart_Intellifeu@gov.nt.ca

APPLICATION FORM FOR COMMUNITY
WILDFIRE RESILIENCE CONTRIBUTIONS

FORMULAIRE DE DEMANDE

Code postal :

4. Project Summary (Max 250 words) / Résumé du projet (250 mots max.)

Brief overview of the project, objectives, and intended outcomes.
Aperçu du projet, des objectifs et des résultats attendus.

5. Alignment with FireSmart Disciplines / Lien avec les volets Intelli-feu

Explain how the project will advance the FireSmart disciplines, specifying each of the seven disciplines that are relevant to the project and how.
Expliquez la manière dont le projet favorise la concrétisation des volets Intelli-feu, en précisant lesquels parmi les sept volets sont pertinents pour le projet et en quoi.

6. Project Work Plan Summary / Résumé du plan de travail du projet

Outline of the proposed start date, milestones, and completion date(s). Where they will be needed, ensure to include necessary regulatory or permitting approvals as an activity for vegetation management projects. A detailed project work plan is required for vegetation management projects.
Donnez un aperçu de la date de début proposée, des étapes et de la ou des date(s) d'achèvement. Là où ils seront nécessaires, veuillez à inclure les permis et autorisations réglementaires requis dans le cadre des projets de gestion de la végétation. Un plan de travail détaillé est requis pour les projets de gestion de la végétation.

Activity Activité	Projected Start Date (yyyy/mm/dd) Date de début prévue (aaaa-mm-jj)	Projected End Date (yyyy/mm/dd) Date de fin prévue (aaaa-mm-jj)

7. Project Budget Summary / Résumé du budget du projet

Provide a breakdown of expenses by type. Feel free to alter the line items to fit project needs. Empty lines intentionally left blank to accommodate additional cost types. **Section 12 of this application must also be completed for vegetation management projects.**

Présentez une ventilation des dépenses par type. N'hésitez pas à modifier les lignes selon les besoins du projet. Les lignes non remplies ont été laissées intentionnellement vides pour permettre l'ajout de types de coûts supplémentaires. **La section 12 de cette demande doit également être remplie pour les projets de gestion de la végétation.**

Category / Catégorie	Amount (\$) / Montant (\$)	Description / Description
Salaries, Benefits, and Honoraria Salaires, avantages et honoraires	\$ _____ \$	
Equipment and Materials Équipement et matériel	\$ _____ \$	
Training Formation	\$ _____ \$	
Consultation and Engagement Consultations et échanges	\$ _____ \$	
Travel (meals, accommodations) Déplacements (repas, hébergement)	\$ _____ \$	
Contractors/Experts Entrepreneurs et experts	\$ _____ \$	
Administration (maximum 10%) Administration (10 % max.)	\$ _____ \$

Other (specify): Autre (précisez) : _____	\$ _____ \$	
Other (specify): Autre (précisez) : _____	\$ _____ \$	
Total Project Cost Coût total du projet	\$ _____ \$	

8. Project Spending Projections for Projects over \$100,000 / Projections de dépenses pour les projets de plus de 100 000 \$

If the proposed contribution is to exceed \$100,000, provide projected monthly or quarterly cash flow requirements during the life of the project.

Si la contribution proposée devait dépasser 100 000 \$, indiquez les prévisions de trésorerie mensuelles ou trimestrielles pendant la durée du projet.

9. Engagement and/or Consultation / Échanges et consultation

Describe briefly any engagement and consultation efforts planned to support the project – like public notification, public meetings, engagement or legally required Consultation with Indigenous governments and Indigenous organizations.

Décrivez brièvement les échanges et les consultations prévus pour appuyer le projet, comme les avis publics, les réunions publiques, et les échanges ou les consultations exigées par la loi avec les gouvernements et les organisations autochtones.

10. Reporting / Rapports

At a minimum, final reporting of project spending and submission of invoices and receipts will be required by the Government of Northwest Territories for release of final payment. Results reporting is also required, but will vary by project type. Based on your desired project outcomes, specify how you will report on success of the project.

Examples could include:

- Before and after photos (required for vegetation management projects)
- Maps (required for vegetation management projects)
- Reports on attendance at workshop, event, etc.
- Reports on event/workshop content/format

Au minimum, le gouvernement des Territoires du Nord-Ouest exigera un rapport final des dépenses du projet et la soumission des factures et des reçus pour le versement du dernier paiement. Un rapport des résultats est également requis, mais variera selon le type de projet. En fonction des résultats attendus du projet, précisez comment vous rendrez compte de sa réussite.

Exemples :

- Photos avant et après (requis pour les projets de gestion de la végétation)
- Cartes (requis pour les projets de gestion de la végétation)
- Rapports de participation aux ateliers, aux événements, etc.
- Rapports sur le contenu et le format des événements et ateliers

11. Detailed Project Budget and Work Plan for Vegetation Management Projects

Budget détaillé du projet et plan de travail pour les projets de gestion de la végétation

Please complete the following section to provide detailed budget and workplan for vegetation management projects (i.e. fuel removal, fuel reduction, prescribed fire).

Veuillez remplir la section suivante pour fournir un budget et un plan de travail détaillés pour les projets de gestion de la végétation (c'est-à-dire enlèvement de combustible, réduction de combustible, brûlage dirigé).
